## Remote Controlled

**Pointe Projection Screen (72") with Wireless Remote**

**18172**

**Pointe Projection Screen (96") with Wireless Remote**

**18196**

Keep your images crisp and clear with this matte white projection screen from Pointe! This versatile screen surface is optimal for presentations, displays, or even just a regular movie.

- Custom designed base beam holds the screen flat and in place.
- Available in sizes 72" x 72" (100" corner to corner) and 96" x 96" (135" corner to corner).
- Default is matte white; but glass beaded surface is also an option.
- Comes in business style 1:1 ratio; can special order in 4:3 or 16:9 ratio size.
- Washable with mild soap and water, flame retardant and mildew resistant.

- Distributes light evenly over the matte white surface.
- Manual control panel and a radio frequency remote control the screen.
- Whisper quiet motor can stop at any time, positioning the screen wherever you choose.
- Aluminum brackets allow for easily positioning of screen during installation.
